

Survey of International Air Travelers

The Survey of International Air Travelers (or “In-Flight” survey) provides a level of detail and insight into the traveler characteristics and travel patterns of international visitors to and from the United States not found elsewhere. Responses are weighted with data from the Department of Homeland Security and the following thirty-two tables are then populated. This report, which was constructed using just a fraction of the data available, summarizes what we know about U.S. travelers who visits overseas destinations.
