NOTE: All percentages listed in this profile can be converted into estimated numbers by multiplying the percentage by 38,392,000 (total overseas travelers to the U.S.), 26,030,000 (total leisure-vac. travelers), or 5,605,000 (total business travelers).

Only destinations with more than 1.5% of all overseas visitors are listed. All percentages have been rounded to nearest whole number.

# Survey of International Air Travelers

The Survey of International Air Travelers provides a level of detail and insight into the traveler characteristics and travel patterns of international visitors to and from the United States not found elsewhere. Responses are weighted with data from the Department of Homeland Security and the following thirty-seven tables are then populated. This report, which was constructed using just a fraction of the data available, summarizes what we know about the overseas traveler who visits the United States.
